WITH MORE THAN 20 YEARS OF EXPERIENCE WE OFFER WORKSHOPS FUTURE-ORIENTED SOLUTIONS

We are the **VEHICLE EXPERTS** of the Würth Group for multi-brand vehicle diagnostics, ADAS calibration, air conditioning service and exhaust emission testing. We are specialists and one of the leading developers for vehicle diagnostics.

EVERYTHING FROM A SINGLE SOURCE!

From installation to instruction, repair to maintenance and beyond, with WOW! you get personal consultation from the manufacturer and comprehensive service. This is how we help you understand vehicles even better and master complex tasks simply and quickly.

VEHICLE DIAGNOSTICS WOW! DIALOOQ

STRONG DIAGNOSTIC PERFORMANCE

Powerful multi-brand diagnostics offer you a high vehicle brand variety, proven diagnostic functions as well as extensive technical data for cars and vans. For all **VEHICLE EXPERTS** and diagnostic specialists who want to work independently, efficiently and more economically.

Further information about
WOW! vehicle diagnostics is available at
www.wow-portal.com/diagnostics

WOW! DIALOOQ HIGHLIGHT FUNCTIONS

Power Repair

Power Repair is your shortest way to a repaired vehicle. (Read-out) error codes are enriched and supplemented with targeted information.

Security Gateway Portal

Access to the Security Gateway Portal via the WOW! software LOOQIT allows you to work on vehicles whose communication or individual functions that are restricted by a „Security Gateway“.

Power Search

Instead of searching, find intuitively with the Power Search. Simply enter the VIN or engine code and the power search identifies the right vehicle for you.

Flightrecorder

The flightrecorder enables you to record real-time data from the control units in the vehicle, while driving, at the touch of a button on the diagnostic interface.

Power Scan

With Power Scan, you are able read out all control units at the touch of a button. In addition, this function offers you different scan variants.

Top 10 Functions

Our software LOOQIT memorizes the ten most frequently used functions of all software users and automatically provides you with this list per vehicle

Customer and data management

With the customer database, we offer you an ideal tool for fast customer service and central management of all (important) data.

WOW! LOOQIT SOFTWARE PACKAGES

Important note: The article numbers shown refer to Germany. The organization of the software modules may vary depending on the country. Get into contact with your Würth country subsidiary for more information. Please note that the Hotline offer is not valid in all markets or is organized differently depending on the country. The Expert Data Assist offer shown refers to the German market, among others. If you require further information, please contact your Würth country subsidiary to find out about the scope of service.

WOW! DIALOOQ DIAGNOSTICS INTERFACES

WOW! LOOQER

Art. no. W072 003 000

- With integrated CAN-FD, DoIP and Pass Thru
- Bluetooth technologie version v4.2 and WiFi function
- Weight: 0,132 kg
- Dimensions: 127 x 51 x 28 mm (L x W x H)
- Data backup without input device on internal memory

Scope of delivery:

Diagnostics interface LOOQER, detachable extension cable with light, hook clip and suction cup, USB stick, USB flash drive, quick reference guide in stable system case

THE MODERN PROBLEM SOLVER

THE RELIABLE PROBLEM SOLVER

WOW! SNOOPER+

Art. no. W072 700 100

- With integrated CAN, DoIP only possible via additional adapter
- Bluetooth technologie version 2.1
- Weight: 0,48 kg
- Dimensions: 180 x 85 x 30 mm (L x W x H)

Scope of delivery:

Diagnostics interface Snoopert+, exchangeable extension cable with light, USB cable, quick reference guide, in stable system case

WOW! DIALOOQ INPUT DEVICE

DIALOOQ C15 GEN47 (CONVERTIBLE)

Art. no. W072 150 6XX
(depending on country)

- Laptop (convertible) for flexible work on the vehicle
- Wireless diagnostic interface LOOQER including OBD extension cable with one LED
- Stable system case with molded foam

A WOW! diagnostic interface and a valid software package are required for operational diagnostics.

**THE FLEXIBLE 2-IN-1

For assistance with issues that are difficult to resolve over the phone, our live video support solution **In.sight** offers a communication channel via live image transmission and video stream

* The different services are only available in selected countries.

CALIBRATION SYSTEM WOW! ACS CARS

Efficiency is a matter of right adjustment. The modular calibration system for testing and adjusting driver assistance systems provides your workshop additional performance boost in the demanding daily workshop routine.

**ALL ACCORDING TO MANUFACTURER'S REQUIREMENTS
AND FOR ALL RELEVANT VEHICLE BRANDS.**

Further information about the
WOW! calibration system is available at
www.wow-portal.com/acs_cars_en

WOW! ACS CARS CALIBRATION TOOL

WOW! ACS CARS CALIBRATION TOOL INCLUDING WHEEL CLAMPS

Art. no. W074 200 000

Scope of delivery:

- Powder-coated, height-adjustable, spring-balanced calibration board carrier (1.0 m to 1.85 m) respectively trolley with manoeuvring wheels, handle and knurled screw
- Height adjustable and separable laser carrier (0.27 m to 1.0 m) with additional fine adjustment with two mounted laser pointers
- Measuring scale for height adjustment of calibration board holder and laser carrier
- Two self-centered four point-wheel clamps (for 11 - 25 inch wheel)

Metal box with following equipment:

line laser, measuring tape, two mirror /coil units and measuring tape holders

WOW! ACS CARS CALIBRATION TOOL HUNTER

Art. no. W074 200 001

Scope of delivery:

- Powder-coated, height-adjustable, spring-balanced calibration board holder (1.0 m to 1.85 m) or trolley with manoeuvring wheels, handle and knurled screw
- Height-adjustable and divisible crossbar with matching mount for Hunter ADAS kit*
- Measuring scale for height adjustment of calibration board holder and laser carrier
- 8 white and 8 black thumbscrews
- 1 measuring tape

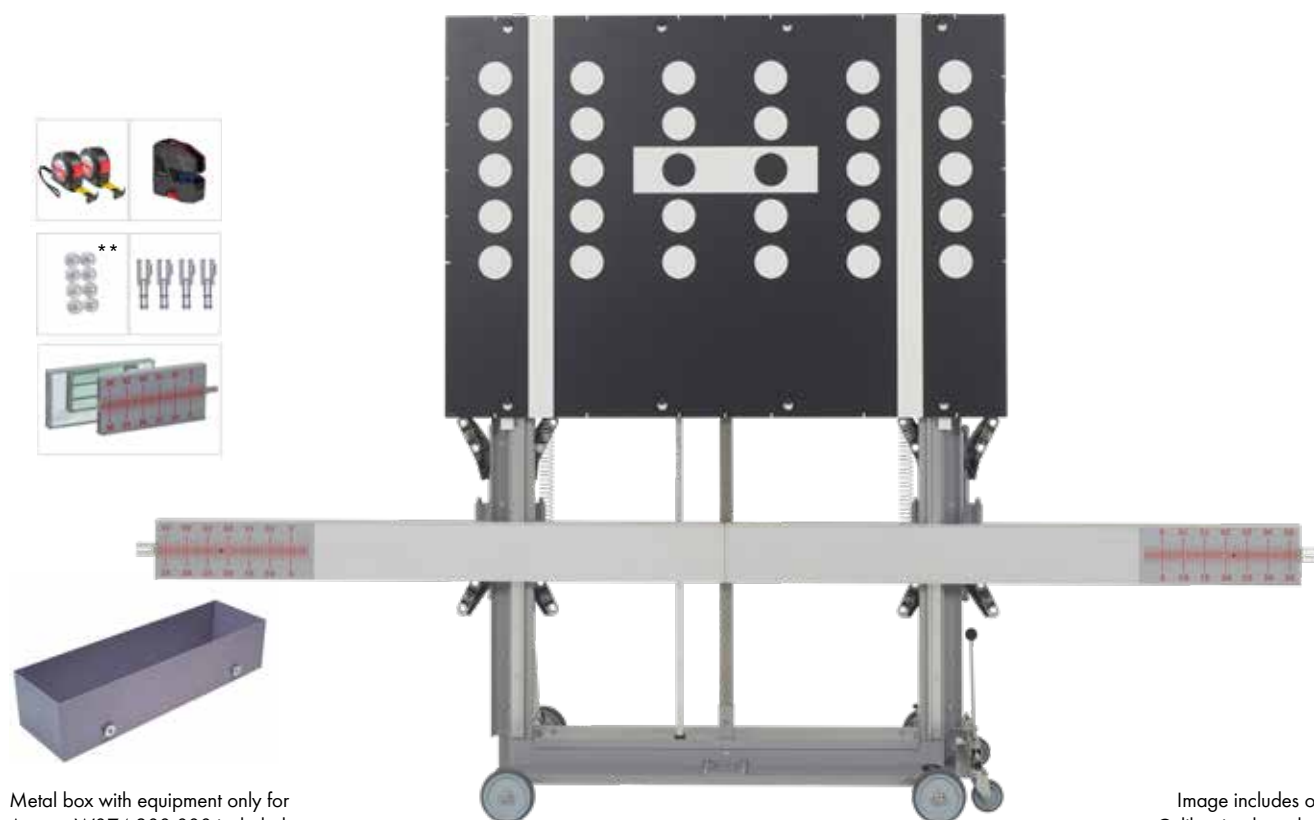

* Hunter ADAS kit must be purchased separately through your Hunter distributor.

**CERTIFIED BY
CESVI FRANCE**

HUNTER
Engineering Company

**SUITABLE FOR
THE HUNTER WHEEL
ALIGNMENT**

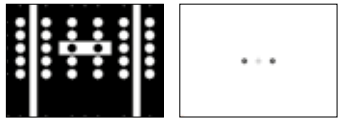

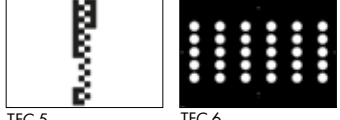

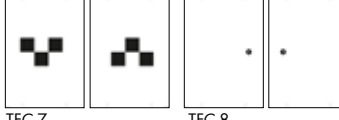

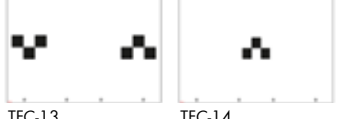

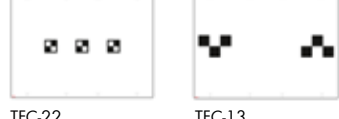

Metal box with equipment only for Art. no. W074 200 000 included.

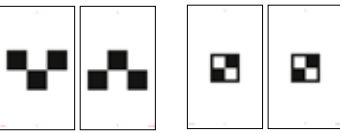

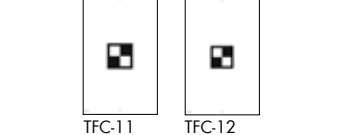

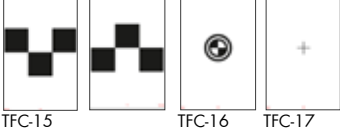

** Knurled screws also included with Hunter variant.

Image includes optional add-ons. Calibration boards are not included in the basic scope of delivery.

DOUBLE-SIDED PRINTED CALIBRATION BOARD

<p>TFC-1 + TFC-2 Art. no. W074 210 000</p> <p>Double-sided printed</p>	 <p>TFC-1 TFC-2</p>	<p>TFC-3 + TFC-4 Art. no. W074 210 009</p> <p>Double-sided printed</p>	 <p>TFC-3 GEN2 TFC-4</p>

Allocation of the vehicle models:

- TFC-1: Audi, Cupra, Porsche, Seat, Škoda, VW
- TFC-2: Mercedes
- TFC-3: Renault
- TFC-4: Citroën, DS Automobiles, Fiat, Opel, Peugeot, Toyota, Vauxhall
- TFC-5: Alfa Romeo, Fiat, Hyundai, Jeep, KIA
- TFC-6: Alfa Romeo
- TFC-7: Mercedes, Nissan
- TFC-8: Mazda 2
- TFC-9: Mazda
- TFC-10: Mitsubishi
- TFC-11: Lexus, Mazda 2, Suzuki, Toyota
- TFC-12: Toyota
- TFC-13: Nissan
- TFC-14: Hyundai Typ 1
- TFC-15: Honda Typ 1+2
- TFC-16: Honda
- TFC-17: Hyundai Santa Fe, KIA
- TFC-22: Toyota

WOW! ACS CARS ACCESSORIES

Adjustment rails

Art. no. W074 210 008

For holding the calibration board
Mitsubishi and Mazda,
Toyota 1 + 2, Honda 1 + 2
and Kia/Hyundai.

Scope of delivery:

two rails, one printed
with dimensions

Cover

Art. no. W074 214 001

For optimal protection and
long service life of the
WOW! ACS cars
calibration system.

Calibration mats TAV-1

Art. no. W074 202 000

Manufacturer-specific calibration
mats for exact calibration of 360°
surround view camera systems
in vehicles of the
Volkswagen Group.

Radar-Kit TFR-2

Art. no. W074 211 001

Static adjustment of radar systems from,
among others Volkswagen, Audi, Seat,
Skoda, BMW, FCA and Nissan models.

Scope of delivery:

reflector plate, holding device
and distance laser

Calibration aids Volvo

Camera – Art. no. W074 210 010

Radar – Art. no. W074 211 003

Adjustment aids for various
Volvo front camera systems
and radar sensors.

Radar head socket wrench

Art. no. W074 211 004

The adjusting tool enables you to adjust the
radar head of the Adaptive Cruise Control (ACC)
on vehicles of the Volkswagen Group.

Case for measuring tools*

Art. no. W074 214 000

For storage and the protection
of the WOW! ACS cars
accessories.

(Art. no. W074 200 000).

* Content not included.

A/C SERVICE SYSTEMS WOW! COOLIUS

Economically and ecologically beneficial. The air conditioning service systems for all common refrigerants take care of the air conditioning service on customer vehicles for you in no time at all.

FULLY AUTOMATIC, TIME-SAVING AND THEREFORE VERY ECONOMICAL AND ENVIRONMENTALLY FRIENDLY.

Further information about the WOW! COOLIUS
A/C service systems is available at
www.wow-portal.com/en/coolius

WOW! COOLIUS A/C SERVICE SYSTEMS

COOLIUS C20

Art. no. W050 122 000

Fully automatic, time-saving system
for small-volume thermal management
systems with the refrigerant R744.

Coming soon:

COOLIUS C40

The big brother of the C20
for large-volume R744 thermal
management systems.

ELECTRO- MOBILITY WITH WOW!

WOW! diagnostics and air conditioning service systems provide you with everything you need as a VEHICLE EXPERTER in the field of electromobility.

Profitable work on high-voltage vehicles with the WOW! DIALOOQ diagnostic system

- Coverage of 280 different vehicle models from 35 manufacturers in the high-voltage range*
- Tesla as a manufacturer with the Model S [2012-] and Model X [2015-]
- Increasing vehicle coverage with each software update
- „High voltage / hybrid“ button for rapid detection of a possible battery electric vehicle (BEV) or hybrid vehicle
- Battery status test
- Diagnostic activation and reactivation process: Diagnostic disconnection and connection of the high-voltage system
- The highlight function „Flight recorder“ enables monitoring and testing of the electric drivetrain while driving

Keep you cool about A/C services with the WOW! COOLIUS A/C service systems

- Ready for hybrid and electric vehicles
- Ready for thermal management systems (for COOLIUS C20 and the Y-series)
- Permanent leak monitoring and ~100 % refrigerant recovery with maximum efficiency (for the COOLIUS A- and Y-series)
